## NEW BUSINESS:

12-070-9020 - a consumer states he was forced to take medication and over a two year period when was so over medicated the he couldn't control his bowels and eventually required colon surgery. Also, his thyroid was damaged and he blames the medication. An allegation of inadequate treatment. Tabled at the last meeting. Upon a motion by Beverly

Sweatman, seconded by Thomas Cannady, members voted not to accept the complaint for investigation.

12-070-9021 - a school district does not prevent bullying, does not provide appropriate supervision, did not adhere to his IEP when it suggested homeschooling and failed to revise the IEP. The District does not adhere to the psychiatrist's recommendations and did not follow a Physician's directions regarding health issues. Upon a motion by Emil Wilson, seconded by Dave Bollone members present voted to accept the case for investigation. Thomas Cannady recused himself from that vote.

12-070-9022 - a consumer who has lived in housing since 12/30/12 encountering problems with another resident. The Manager says she is not adhering to the rules and can be evicted. Upon a motion by Thomas Cannady, seconded by Beverly Sweatman, members voted to open pending receipt of the consent to review records.

12-070-9023 - A facility will not adhere to a Physician and guardian's suggestion that a do not resuscitate order be put in place for a person who's health is failing. Upon a motion by Thomas Cannady seconded by Dave Bollone, members voted to investigate the allegation.

12-070-9024 - an administrator promised a resident who has behavioral issues that he could work in a community setting without supervision. Normally, individuals with similar behavior patterns must participate in a day training curriculum and after successfully completing progressive programs they may be assigned training in a community setting with special supervision. This administrator has participated in other treatment planning without including the guardian in decisions. Upon a motion by Emil Wilson, seconded by Beverly Sweatman, members agreed to case opening.

12-070-9025 - a CILA resident purchased a new wheel chair in 2011 yet she has not been able to use that chair because the ramp to her home is too steep and the 70 year old staff cannot push her chair into the house - therefore she hasn't used the chair at this time. Upon a motion by Thomas Cannady seconded by Emil Wilson, members present voted to table case opening and suggested that the Coordinator make further inquiries as the ramp may be a violation of the ADA if it is incorrectly installed.

12-070-9026 - a consumer complains that a hospital has reduced the amount of time that the phones may be used during the evening hours. From the time after supper until the phones are turned off the consumers may only access, make or receive calls for 1 ½ hours. Not allowed during evening meetings that take several hours. Upon a motion by Thomas Cannady, seconded by Dave Bollone, member present voted for case opening.
